# District GPA Features

*Session 412*

**Lori Leal | Aeries Training Specialist**  
March 2024

*Information shared throughout this presentation is the property of Aeries Software. Information or images may not be reproduced, duplicated, or shared without the prior written consent of Aeries Software.*

# Expected Outcomes

- Differentiating between the Built-in, School Based GPAs and District GPAs
- Understanding the Grade-Level and Cohort GPAs
- Understanding the Optional Areas in Courses that will affect the use of the GPA details
- How to allow some Grade Levels/Cohorts to rank and others to not be ranked
- Choosing the schools to use different GPA setups
- Creating weighting based on Course Options
- Setting these GPAs on the Transcript Reports (One Column Only)

**AERIESCON**  
S p r i n g 2 0 2 4

# GPA Configurations

You must be at the DISTRICT level for GPA Configurations

The screenshot displays the Aeries Student Information System interface. At the top left, the Aeries logo is visible. The main header shows the school year '2023-2024' and the school name 'Eagle Independent School District', both highlighted with red boxes. Below the header, there is a search bar for students and navigation icons for Pages, Reports, and Favorites. The GPA menu item is also highlighted with a red box. The main content area includes a 'Home' section, a 'My Tasks' section with an 'Add' button, and a 'Calendar Events' section showing 'No events for the next 60 days'. The 'GPA Configurations' menu item is highlighted with a red box.

# Built In GPA vs. District GPA

The GPA Configurations page allows a district to add, configure, and edit custom district GPAs as well as GPA Weight Factors for each district defined GPA. A District can also enable or disable the Aeries built-in GPAs.

District GPAs							Select a District GPA to edit	<a href="#">+ Add District GPA</a>
GPA Name	Description	Applies to # Schools	Applies to # Cohorts	Applies to # Students	Show On Printed Transcript	Status		
Academic GPA	Weighted and Non-weighted Academic GPA	0	0	0	Yes	Active		
Weighted Academic GPA	Built-in GPA					Inactive

Non-Weighted Academic GPA	Built-in GPA					Active		
Non-Weighted Total GPA	Built-in GPA					Active		

# GPA Details – General Info

- **Short Name** - Enter a short name for your District-defined GPA. There is a 6 character limit.
- **Long Name** - Enter a long Name for your District-defined GPA. There is a 20 character limit.
- **Status** - The Status field is used to Activate or Inactivate a GPA.
- **Description** - Enter a Description for your District-defined GPA.
- **Calculate Weighted GPA** - If this option is selected the District-defined GPA will calculate Weighted GPAs.
- **Calculate Non-Weighted GPA** - If this option is selected the District-defined GPA will calculate non-weighted GPAs
- **Calculate Using** - This option defaults to including the Credits Attempted when calculating the GPA.
  - If the option **Courses Taken** is selected, total number of points within the courses taken divided into the number of course instances.
  - If option **Credits Attempted** is selected, total number of points multiplied by the mark point value divided by the credits attempted.
- **Show on Printed Transcript** - This option defaults to checked. When this option is checked the District-defined GPA will be printed on the one-column enhanced transcript, when it is not checked it will not be printed on the transcript.

The screenshot shows a web form titled "Add District GPA Details". The "General Info" section is highlighted with a red box and contains the following fields:

- Short Name:** Text input field containing "ACAGPA".
- Long Name:** Text input field containing "Academic GPA".
- Status:** Dropdown menu set to "Active".
- Description:** Text area containing "Weighted and Non-weighted Academic GPA".
- Calculate Weighted GPA:** Checked checkbox.
- Calculate NonWeighted GPA:** Checked checkbox.
- Calculate Using:** Dropdown menu set to "Credits Attempted".
- Show On Printed Transcript:** Checked checkbox.

Below the "General Info" section are other form sections:

- Course Selection:** Includes a "Courses" dropdown, a dropdown for "NA - NonAcademic/H...", a "<>" dropdown, and a text input field containing "N".
- Off Grade Course Inclusion:** Includes a dropdown menu set to "None".
- Rank:** A section header for the rank configuration.
- Rank Type, Rank Groups, Calculate Top %, Display Top % to Parents and Students:** A row of four labels for further configuration.

At the bottom of the form are "Save" and "Close" buttons.

# GPA Details – Course Selection

- **Courses – 3 Options**
  - Courses – System will be looking for a specific field with the course table
  - Course Characteristics – System will be looking for a specific within the Course Characteristic
  - GPA Courses – System will define the courses to be included in the GPA calculation based on the Grad Status GPA. (This is designed primarily for Texas Schools)
- **Conditions and Comparisons for Courses -**

# GPA Details – Rank

- **Rank Type** – Weighted or Non Weighted GPA
- **Rank Group** - The number of desired rank groups can be set to group students by rank in lieu of giving each student an individual rank number. The Rank Groups can be a number from 0 to 100. A Rank Group of 0 (the default) will create class ranks based on the size of the class.
  - For example, a class size of 200 students the rank groups will range from 1 to 200. A Rank Group of 10, or decile, ranking will create 10 class rank groups that range from 1 to 10.
- **Calculate Top %** - If a percentage number is entered the District Defined GPA will calculate for all students but only the top number of students designated by the percentage will be ranked. For example, if 20 is entered, the District Defined GPA will calculate but only display for the Top 20% of students will receive a rank.
- **Display Top % to Parents and Students** - If a percentage number is entered only the Top % GPA will display in the Parent/Student Portal or print on the transcript. For example, if 35 is entered, the District Defined GPA will only display in the Parent/Student Portal for the top 35% of students, and it will only appear on the transcripts for the top 35% of students.

# Student Statuses to Include

- Select the Student Status tags to include in the calculations of the GPA, Class Rank and Class Size
- Students with an inactive tag that is not selected will not have their GPA recalculated and will have their Class Rank and Size zeroed out during the Recompute Cumulative GPAs and Class Rank process.
- If a student is in more than one GPA cohort (see Schools and Cohorts below), the GPA record in the non-natural cohort will be updated, and the Class Rank and Size will not be updated.

# Schools and Cohorts

- **Selected** - This column allows schools to be selected for inclusion in the District-defined GPA. To select a school, place a checkmark in the Selected column for the desired school.
- **School** - This column will display the school name. A school will be listed multiple times based on the Cohorts available at the school.
- **Cohort** - This column will display the cohorts available for the listed school.
- **Other District GPAs Applied** - This column will display District-defined GPAs that are being applied to this School and Cohort.

Selected	School	Cohort	Other District GPA...	Natural Grade*	Lock Class Ranks	Primary GPA	Include Other Coh...

# Schools and Cohorts

- **Natural Grade** - This column displays the Natural Grade for the Cohort. The Natural Grade is the expected current grade level of the cohort.
- **Lock Class Ranks** - When this option is enabled the calculation for Class Ranks will be locked by the cohort and grade selected.
- **Primary GPA** - This field indicates which District-defined GPA will be used as the Term GPA on the transcripts for each school and cohort. The system will allow only one Primary GPA for each school and cohort. Please see the Transcript Design Options - Enhanced (1-column) Style for more information on how to set up the Term GPA on the transcript.
- **Include Other Cohorts for this Grade** - If this option is checked other cohorts for this grade will be included in the GPA calculation. For example, a student that is in a different cohort outside of his natural grade because the student advanced a year will be included when this GPA is calculated. Additionally, a student that is behind his natural grade will also have his GPA calculated if this option is selected.

Selected	School	Cohort	Other District GPA...	Natural Grade*	Lock Class Ranks	Primary GPA	Include Other Coh...

# GPA Weight Factors

GPA Weight Factors allow weighting of District-defined GPAs. A Regular GPA Weight Factor will automatically be added when a District GPA is created. By default all Weight Factors are added with 0 Grade Points for all Marks, thus Grade Points will need to be added to all Weight Factors before calculating GPAs.

The Do Not Include in GPA column allows a district to exclude a particular mark from the GPA calculation. Therefore, if a checkmark is entered in the Do Not Include in GPA column the designated mark will be excluded from the GPA calculation for all students.

To edit Grade Points enter the desired Grade Point for the Mark in the Grade Points text box located to the right of each Mark. Place a checkmark in the Do Not Include in GPA column for any Marks that need to be excluded from the GPA calculation. Grade Points and checkmarks are saved automatically.

GPA Weight Factors

 **Regular**  
Course Selection Regular Courses

# Add District GPA Weight Factor

The Add District GPA Weight Factor window will open. In this example we are adding a Weight Factor for Honors courses. The new Weight Factor was named Honors Weight Factor. In the Courses Selection Section the Courses type was selected. In the Courses type filter, NA-Non-Academic/Honors field (CRS.NA) from the Courses page was selected. This field will filter for courses that are tagged as equal (=) to H (Honors) in the Courses page. Thus this GPA Weight Factor will only calculate for Honors courses.
