CTE Pathway Management

Agenda

01

Building a Pathway Sequence in Aeries

02

Managing Pathway Milestones for Students in Aeries

03

How to tag Pathway Completers

04

Managing Outcomes and Experiences in Pathways (CCPT)

05

Activities and Awards for CTE Outcomes and Experiences

Career Pathway Management in Aeries

Our Industry Sector is
Manufacturing and
Product Development
(MAN)

Our CTE Pathway Code
is 210 Graphic
Production Technologies
and consists of a 2 Year
sequence

Courses to be included

- 0222 InterGraphicProd
- 0223 AdvGraphicProd

4. AdvGraphicProd is
an Articulated Dual
Enrollment Course with
a ROP Teacher

Career Pathway Management in Aeries

Graphic Production Technologies (Pathway 210)

8210 Intermediate Graphic Production Technologies (Concentrator)
This concentrator course builds upon the Manufacturing and Product Development introduction course and provides students with additional concepts and experiences required for career readiness and pursuing further education in the Graphic Production career pathway, which precedes this pathway's capstone course. This concentrator course leads to the capstone course in the Graphic Production pathway's sequence of courses.

8211 Advanced Graphic Production Technologies (Capstone)
This capstone course further builds upon the Manufacturing and Product Development introduction course and pathway concentrator course in the industry sector and is the final course taken in a sequence of courses which prepares students to work and pursue further education in multiple career pathways. This career technical education capstone course provides content, skill development and leadership training which prepare students for the world of work and to pursue further education such as industry certifications and a postsecondary degree.

Business Rules with Pathway Sequences

Pathway course **MUST** be completed sequentially (1, 2, 3)

Students are not required to complete course sequence consecutively

Students may complete a pathway at any grade level if all courses in the sequence are completed in order

LEAs may validate GPA in a Capstone Course between semesters

- F or Incomplete marks resulting in zero credits may not be validated.

Students must meet 300 hours consisting of a Concentrator and/or Capstone course.

Example: If a student gets a D for one Semester but gets a B or better in the 2nd Semester of the capstone course, they can still meet their required hours.

However, if the student gets an F in one Semester, even if they get an A in the 2nd Semester, they cannot be considered as meeting the 300-hour requirement.

*The validation for the hours is based on credits earned and with an F they earned 0.00 credits

Pathway Students are referred to as follows...

Participants – **Any** student enrolled and completing a CTE course or pathway.

Levels of Participants

Introductory – Students enrolled and completing a CTE **Introductory** course

Level 2 – Students enrolled and completing a CTE **concentrator** course in a *pathway*

Completers – Students enrolled and completing a CTE **capstone** course AND completed the associated **concentrator** course in the **same** pathway with a C- or better in the Capstone course.*

This concepts disqualifies students completing a capstone course simply for elective credits.

Career Pathways Security and Tables

**NEED
TO
KNOW**

FULL permissions to ADD, DELETE, OR MODIFY on
the CPW Management Page:

Career Pathways (CPW)

Career Pathway History (CPH)

Career Pathway Courses (CCP)

And at least READ permissions to:

Course Data (CRS)

Class Schedules (SEC)

Class Schedule History (CAR)

Transcripts (HIS)

NICE TO KNOW

Fact or Fiction??

Only Seniors are allowed to complete Pathways.

FICTION

Pathway Completion status will count in the CCI Dashboard even if completed prior to the student's 12th grade year.

FACT

CTE concentrators are excluded from the CCI.

FACT

A CTE Pathway is never a 1 course sequence or more than 3 courses in a sequence.

FICTION
